

ASSEMBLY BILL

No. 1038

Introduced by Assembly Member Negrete McLeod

February 20, 2003

An act to amend Sections 45207 and 88207 of, and to add Section 45120.2 to, the Education Code, relating to classified school employees.

LEGISLATIVE COUNSEL'S DIGEST

AB 1038, as introduced, Negrete McLeod. Classified school employees.

(1) Existing law requires the governing board of a school district to submit to the Superintendent of Public Instruction a local plan for the education of individuals with exceptional needs residing in the district on its own or in conjunction with one or more districts, or to join with the county office of education to submit a plan to the Superintendent of Public Instruction that assures access to special education and services for all individuals with exceptional needs residing in the geographic area served by the plan. Existing law requires the plan for special education to be developed and updated cooperatively by a committee of representatives of special and regular teachers and administrators and with participation by parents, to ensure adequate and effective participation and communication.

This bill would set forth the employment rights of classified employees who are terminated, reassigned, or transferred, or become the employee of another employer as a result of the development or revision of a local plan for the education of individuals with exceptional needs.

(2) Existing law authorizes a probationary or permanent classified school or community college employee to use up to 7 earned days of absence for illness or injury per school year in cases of personal necessity and requires the governing board of the school district or community college district to adopt rules and regulations requiring and prescribing the manner of proof of personal necessity.

This bill would prohibit the rules and regulations from requiring an employee to secure advance permission for personal necessity leave taken for the death of a member of his or her immediate family or accident involving the person or property of the employee or a member of his or her immediate family. The bill would authorize the use of more than 7 days of earned leave for illness or injury if so specified in an agreement between the exclusive representative of the employees and the school district.

Vote: majority. Appropriation: no. Fiscal committee: no. State-mandated local program: no.

The people of the State of California do enact as follows:

1 SECTION 1. Section 45120.2 is added to the Education Code,
2 to read:

3 45120.2. (a) If the development or revision of a local plan for
4 the education of individuals with exceptional needs pursuant to
5 Chapter 2.5 (commencing with Section 56195) of Part 30, results
6 in a classified employee who is performing service for one
7 employer being terminated, reassigned, or transferred, or
8 becoming the employee of another employer because of the
9 reorganization of special education programs, the employee shall
10 retain the seniority acquired at his or her employment with the
11 school district or county office of education from which he or she
12 was terminated, reassigned, or transferred. If terminated, the
13 employee retains the rights specified in Sections 45115, 45117,
14 and 45119.

15 (b) The reassignment of an employee, transfer of an employee,
16 or new employment of an employee caused by the reorganization
17 of special education programs does not affect the seniority or
18 classification that a classified employee already attained in any
19 school district that undergoes the reorganization. The employee
20 has the same status with respect to his or her seniority or
21 classification, with the new employer, including time served as a

1 probationary employee. The total number of years served as a
2 classified employee with the former school district or county
3 office shall be credited, year for year, for placement on the salary
4 schedule of the new school district or county office.

5 (c) If a local plan for the education of individuals with
6 exceptional needs is developed or revised pursuant to Chapter 2.5
7 (commencing with Section 56195) of Part 30, all classified
8 employees shall be employed by a county office of education or
9 an individual school district.

10 (d) A classified employee who is reassigned or transferred as
11 a result of the reorganization of special education programs, has
12 priority, except as provided in subdivision (d), in being informed
13 of and in filling classified positions in the classifications in which
14 the employee was employed before the reassignment or transfer.
15 This priority expires 24 months after the date of reassignment or
16 transfer and may be waived by the employee during that time
17 period.

18 (e) A classified employee who served in a special education
19 program in a school district or county office and is terminated from
20 his or her employment by that school district or county office
21 pursuant to Section 45114 has first priority in being informed of
22 and in filling vacant classified positions for which the employee
23 is qualified or was employed, in any other county office or school
24 district that provides the same type of special education program.
25 Permanent employees have the first priority right to
26 reappointment as provided in this section for 39 months from the
27 date of termination. Probationary employees have the first priority
28 right to reappointment as provided in this section for 24 months
29 from the date of termination.
